LIST OF CONTENTS OF REELS

CHRIST CHURCH

Many of the theological manuscripts at Christ Church are Greek and are the legacy of Archbishop Wake.

Among the 11th century manuscripts is a copy of the Homilies of John Chrysostom and the 'Orations' of Gregory Nazianzen. The 12th century manuscripts include a translation of the works of Gregory the Great (Ms 57). The Latin manuscripts form a smaller collection and include a 12th century manuscript of the works of Peter Damian and Augustine, probably St Albans (Ms 115). There are also several 16th and 17th century manuscripts, including a copy of the 1561 Book of Common Prayer (Ms 150) and the Statutes of Wolsey's foundations, Ipswich College and Cardinal College.
