# SCOPE AND CONTENT NOTE

The *White House Correspondence and Memoranda Series of The Papers of John Foster Dulles and of Christian A. Herter, 1953–1961* consists of three major series—John Foster Dulles: White House Memoranda Series; John Foster Dulles: Draft Presidential Correspondence and Speeches Series; and Christian A. Herter: Official Correspondence and Memoranda Series, 1957–1961. These series are drawn from the holdings of the Dwight D. Eisenhower Library, Abilene, Kansas.

The material in each series is divided into folders that are then arranged in reverse chronological order within each year, the contents of each folder also being arranged in reverse chronological order. Each folder contains a "document withdrawal sheet," which itemizes the documents that have been removed from the folder due either to national security considerations or privacy restrictions by the Eisenhower Library. University Publications of America (UPA) has microfilmed the collection as it is arranged at the Eisenhower Library. All of the material currently available has been filmed in its entirety.
